

PRESENTING...

JUICEBOXXX "THUNDER ZONE VOLUME ONE"

ALL INQUIRIES: JUICEBOXXXUSA@GMAIL.COM

23-year-old Milwaukee rapper Juiceboxxx has been raging across the heartland and beyond since the age of 15, breaking down boundaries and playing everywhere from punk basements to glossy discos. His debut mixtape is a celebration of the power and freedom that can only come from being one kid on the road, running forever. A 100 percent exclusive collection of rapping, collaborations and remixes, "Thunder Zone Volume One" is heavily influenced by the fully American experience of driving really fast on the interstate with the radio turned all the way up.

"Thunder Zone Volume One" proudly displays Juiceboxxx's diverse set of influences and cultural connections. From jacking ambient house to loose freestyles over canonical rap beats, from eclectic dance remixes to head banging southern rap influenced collaborations, this is the story of one American rager, hungry for life and music.

"Thunder Zone Volume One" features collaborations with Spank Rock, Ninjasonik, Javelin and Possible Fathers as well as remixes by Teengirl Fantasy, Shams, DJ Gorky from Bonde Do Role, Best Fwends, MVSCLZ, Geocash and Kappital Ledders. Also, be on the look out for "special guest celeb drops" throughout the mix!

Juiceboxxx will be on tour all winter, barn burning through the heartland and beyond, mostly on a Greyhound bus.
